

Trezzano sul Naviglio, March 2020

Dear customer,

with regard to the COVID-19 situation and related events in Italy and in particular in the Veneto and Lombardy regions, we inform you that Bruni Glass spa continues all normal business activities as always. Your usual references do not change and are fully operational and you can get in contact with them for any question and clarification you may need.

Offices, warehouses and shipments will follow the regular schedule without affecting the normal operations, while taking every step to safeguard the health of each worker.

At the same time, we are taking all necessary precautions and are following the indications received by the government authorities, constantly monitoring the evolution, especially in relation to our drivers activities and asking them to pay close attention to the delivery process.

We will update you in case of further developments of the current situation.
